Experience

Girls on the Run International | Senior Graphic Designer

2017 – Present

Lead designer for Girls on the Run International and 200+ councils.

- Manage Graphic Designer, identifying areas of opportunity for growth and aligning skills with organization needs.
- Serve as creative lead when planning for new projects, working closely with Marketing Project Manager and Direction of Marketing and Brand Strategy on outlining project details.
- Manage HQ website: Lead external vendor relationship, create landing pages, and maintain overall site content and design (WordPress, Git, Pantheon, VS Code).
- Conceptualize and create visual identities for programs and marketing campaigns, collaborating cross-functionally with internal and external subject matter experts.
- Created UI design for organization website redesign.
- Spearhead design direction for projects by developing style guide and application examples.
- Lead design development of multi-channel marketing campaigns from conception to completion, identifying tasks, ensuring consistent communication and alignment on project scope and status.
- Design from an access/inclusion and accessibility perspective.
- Girls on the Run coach - Spring 2019 (18 girls).

Freelance | Graphic & Web Designer

2014 – 2017

Clients: Calendars.com, Townsquare Interactive, Unilever, JCC Bowers, authors, educators, and medical professionals.

- Designed websites (WordPress), PowerPoint presentations, RFPs, social media graphics, landing pages, logos, mascots, book covers, brochures, and invitations.

Slocum & Sons | Graphic Designer

2011 – 2014

In-house graphic designer. Daily experience managing simultaneous projects, under tight deadlines.

- Worked with outside vendors for advertising placements, specialty print projects, and department maintenance.
